For Immediate Release

Employee Leasing Solutions Opens 3rd Service/Processing Center in Florida.

BRADENTON, January 12, 2007 / Employee Leasing Solutions (ELS), One of Florida's fastest growing employee leasing companies, today announced the opening of its newest service/processing center. The center is the third processing/service center for ELS in the State of Florida.

The new service center, located in Lake Mary, will handle payroll processing, human resources services, safety, and general loss prevention services for ELS clients and worksite employees. Initially, the facility will support sales offices in Ocala, Lakeland and Jacksonville, and then other offices slated to open later this year in the northern region of Florida. The new processing center will also provide backup systems for ensuring business continuation in the event of emergencies such as power outages or inclement weather conditions.

"This new service center is designed to help us keep pace with our expansion program," said Bill Mullis, CEO and President of Employee Leasing Solutions. "It's also in line with our goal to locate our service professionals closer to our clients and worksite employees. The opening of this new office will also provide our clients with access to a Loss Prevention Specialist to assist clients with OSHA compliance issues as well as general safety services and concerns."

The new service center will initially employ approximately 10 people, with eventual growth to more than 20 employees within the next two years.

The service center is located at 100 Technology Park, Suit 110, Lake Mary, 32746 and the phone number is 407-936-1614, toll free 800-503-0041.

Employee Leasing Solutions corporate headquarters is located in Bradenton and serves more than 2,000 clients and over 20,000 worksite employees throughout Florida. Employee Leasing Solutions provides small to mid-size businesses with a simplified way to handle employee-related administrative tasks such as workers' compensation coverage, payroll and benefit administration, and government compliance.

ELS currently operates statewide and has offices located in Bradenton, Naples, Ft. Myers, Miami, Ft. Lauderdale, West Palm Beach, Stuart, Lakeland and Ocala.
