Employee Leasing Solutions Announces It Has Paid Florida Employers Over \$10 Million In Safety Awards

Wednesday, November 19 4:15 p.m.

Customers Of Bradenton Based PEO Learn It Really Does Pay To Be Safe

BRADENTON, FL Nov. 15 - Employee Leasing Solutions, Inc. (“ELS”) announced today that it has surpassed the \$10 million mark in total safety awards paid out to Florida customers. ELS established its safety rewards program in 2003 as a way to encourage and reward workplace safety. Since that time over 1,000 safety award checks have been issued to ELS clients. “Recognizing and rewarding contractors who are successful in maintaining a safe work environment is a win-win-win situation for construction workers, construction companies and worksite owners” said Bill Mullis, ELS’s president and chief executive officer. A safe worksite can also translate into more productive workers and smoother running projects.

To assist its clients in providing safe working conditions, ELS through AmeriChase Services Company, provides on site safety services to its clients through a team of Construction Safety Specialists who regularly meet with ELS clients and visit job sites to assist with safety issues. Mr. Mullis commented that: “surpassing the ten million dollar mark in safety awards is in and of itself a tremendous testament to the great service and positive value provided by each of the Construction Safety Specialists and their commitment to providing ELS clients with assistance in workplace safety.”

Mr. Mullis concluded by noting that this is a very challenging time for the construction market throughout all of Florida and construction companies must pay very close attention to their bottom line. The opportunity to be rewarded for maintaining a safe workplace is a real bonus. Safe work sites run smoother, have less delays and disruptions and that translates into healthier workers and a better bottom line.

About Employee Leasing Solutions, Inc.: ELS is a Florida licensed Professional Employer Organization (PEO) that specializes in providing payroll services, employee benefits and workers compensation insurance to construction industry customers. ELS is headquartered in Bradenton, Florida and has offices in Crestview, Fort Lauderdale, Lake Mary, Lakeland, Lehigh Acres, Miami, Naples, Ocala, Orlando, Stuart, West Palm Beach and Jacksonville.
